

A vibrant collage of educational supplies is arranged around a central green chalkboard. The items include a blue globe, a green apple, several colored pencils, a green ruler, and various colorful letters (A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z) in different colors and sizes. There are also books, a paint palette, and other school-related items. The background is a light blue and white striped pattern.

Learning Tasks

On the following pages you will find a number of learning tasks. Work with your family to complete the tasks that are right for you.

Submit Your Tasks

When you have completed a task, send it to your teacher. You could email it, send a photo or write to your teacher to let them know what you've learnt.

Remember...

Learning looks different for everyone. There is no expectation that you do every task. Many of the things that you do at home with your family are valid learning experiences too!

Connect with your Class

Watch out for any opportunities to connect with your class via Zoom. Invitations with details and times may be emailed to you.

Literacy

Problem solving

Dad goes to the supermarket to buy some fruit and vegetables. He spends \$20.00. How many different ways could Dad pay using any number of \$1, \$2, and 50c coins and \$10 and \$5 notes. Write these as number sentences.

Strand Task

Which of these shapes are most alike and why? Explain your thinking using language such as: faces, vertices, edges.

Science experiment

Pick up ice with a piece of string.

Fill a glass to the top with water.

Cut a piece of string around 20 centimetres long.

Place an ice cube in the water. It will float.

Lay the string across the ice cube and glass.

Cover ice cube and string with a layer of salt.

Leave for one minute.

Carefully pick up the ends of the string.

Other Learning Areas

Art Activity -

Make a [shadow puppet theatre](#) with [shadow puppets](#). Click on the links above to find out how to make them.

If you don't have a torch just use a desk lamp instead. Baking paper will work just as well as tissue paper too.

Music - Making Instruments

Try creating shakers by using pasta and rice in empty bottles. You could also try using bottles either with varying levels of water or empty and scraping them with spoons or twigs to make sounds, or just upturned pans and colanders. Experiment with the different sounds they make and create a tune. Get someone to record your tune.

Learn to type

Use [Typing club](#) to learn the correct way to type.

Cooking Task

Ask Mum or dad to help you make [pikelets](#) for morning tea.
